# WHAT'S ON 27 MAY - 9 JUNE

## #LOVEINDEPENDENTCINEMA

### Everything Everywhere All at Once (15)

Directed by Daniel Kwan and Daniel Scheinert, collectively known as Daniels, the film is a hilarious and big-hearted sci-fi action adventure about an exhausted Chinese American woman (Michelle Yeoh) who can't seem to finish her taxes.

*'Everything Everywhere All At Once is everything cinema was invented for.'* - ★★★★★ Empire

### Doctor Strange in the Multiverse of Madness (12A)

In Marvel Studios' "Doctor Strange in the Multiverse of Madness," the MCU unlocks the Multiverse and pushes its boundaries further than ever before. Journey into the unknown with Doctor Strange, who, with the help of mystical allies both old and new, traverses the mind-bending and dangerous alternate realities of the Multiverse to confront a mysterious new adversary.

### The Unbearable Weight of Massive Talent (15)

Creatively unfulfilled and facing financial ruin, the fictionalized version of Cage must accept a \$1 million offer to attend the birthday of a dangerous superfan (Pedro Pascal). Things take a wildly unexpected turn when Cage is recruited by a CIA operative (Tiffany Haddish) and forced to live up to his own legend, channeling his most iconic and beloved on-screen characters in order to save himself and his loved ones.

### The Drover's Wife: The Legend of Molly Johnson (15)

The Drover's Wife is a fierce, feminist Australian revenge western, telling the story of a heavily pregnant bushwoman who is left to care for her family's farm and young children when her husband leaves to drive sheep in the high country. A thrilling tale that explores racism and misogyny under colonial rule, and a labour of love for Purcell, who has also adapted Henry Lawson's short story into a play and a novel.

### Benediction (12A)

Written and directed by acclaimed filmmaker Terence Davies, Benediction explores the turbulent life of WWI poet Siegfried Sassoon (Jack Lowden). The writer and soldier was a complex man who survived the horrors of fighting in the First World War and was decorated for his bravery but who became a vocal critic of the government's continuation of the war when he returned from service.

### Wild Men (15)

A razor-sharp, Coen Brothers-esque, black comedy. Martin's version of a mid-life crisis looks a little different than most. Hilariously ill-equipped to live off the land and yet clad in Viking like animal skins, he wanders the forest in a misguided attempt to regain his independence. But when he crosses paths with an injured drug dealer, he finds an unlikely ally in his quest for "manhood." The duo begin a beautiful friendship spent evading police, criminals, and the cold hard reality which the world seeks to bring them back to. Premiering at Tribeca Film Festival, Wild Men is an original take on a comedic crime caper.
