# WHAT'S ON 1 - 14 AUG

## THE BAD GUYS 2 (U)

Everyone's favourite felons are back, and this time, they have company. In the new action-packed chapter from DreamWorks Animation's acclaimed comedy smash about a crackerjack crew of animal outlaws, our now-reformed Bad Guys are trying (very, very hard) to be good, but instead find themselves hijacked into a high-stakes, globe-trotting heist, masterminded by a new team of criminals they never saw coming: The Bad Girls.

## JURASSIC WORLD: REBIRTH (12A)

Five years after the events of Jurassic World Dominion, the planet's ecology has proven largely inhospitable to dinosaurs. Those remaining exist in isolated equatorial environments with climates resembling the one in which they once thrived. The three most colossal creatures within that tropical biosphere hold the key to a drug that will bring miraculous life-saving benefits to humankind.

## PIONEERING WOMEN: THE MANCHESTER CORINTHIANS (U)

Join author Gary James in a celebration of the Manchester Corinthians, a women's football club that toured the world during the 1950s to 1980s. Established in 1948-49 these pioneering women played at a time when an FA ban on women's football was in place, winning trophies in major tournaments across Europe and South America.

## MY BEAUTIFUL LAUNDRETTE (15) - 40TH ANNIVERSARY

This year marks the 40th anniversary of one of the biggest British films of the 1980s, which helped to launch both the careers of its star Daniel Day Lewis and director Stephen Frears. The film tells the love story of young Pakistani man Omar and his childhood friend turned lover, white ex-skinhead Johnny. Set against the backdrop of racism, homophobia and Thatcherism, the film charts the pair's attempts to renovate a South London laundrette.

## FOUR LETTERS OF LOVE (12A)

Pierce Brosnan, Helena Bonham Carter and Gabriel Byrne lead this heart swelling adaptation of Niall Williams' beloved romantic novel, threading together the star-crossed love story of Nicholas and Isabel across the plains of Ireland. Nicholas and Isabel were made for each other but how will they ever know it? As ghosts, fate and the sheer power of true love pull them together, so too does life threaten to tear them apart.

## HARVEST (18)

The latest feature from celebrated filmmaker Athina Rachel Tsangari (Chevalier, Attenberg), HARVEST is a spellbinding and thrillingly distinctive period piece like no other. Telling a story steeped in folk horror, and featuring another strikingly memorable performance from Caleb Landry Jones (Nitram), Tsangari presents a study of superstition, the trauma of modernity, and the looming threat of the outsider.

## DYING (18)

An epic and darkly funny symphony of family dysfunction, DYING follows the estranged members of the Lunies family as they wrestle with chaotic private lives. Son Tom is too preoccupied to give his ailing parents the attention they need. He's juggling work and a confusing relationship with an ex who wants him to co-parent her newborn child. Meanwhile, daughter Ellen fumbles through life plagued by alcohol-induced blackouts and an affair with a married colleague. *German with English Subtitles.*

## BRING HER BACK (18)

Following the death of their father, a brother and sister (played by award winning teen actor Billy Barratt and startling newcomer Sora Wong) are placed at the centre of a terrifying ritual when they arrive at the secluded home of their new foster mother (the unexpectedly terrifying Sally Hawkins). Bring Her Back is the highly anticipated new film from Danny and Michael Philippou, the directors of breakout horror hit Talk to Me.

## THE OTHER WAY AROUND (12A)

After 15 years together, Ale and Alex have come up with the crazy idea of throwing a party to celebrate their break up - like a wedding but the other way around. While their friends and family are sceptical, they seem to be sure of their decision. Or are they really? *"A fun, feisty, anti-romantic comedy that Hollywood should learn from" - Indiewire*  
*Spanish with English Subtitles*

## 2000 METERS TO ANDRIIVKA (15)

Following a Ukrainian platoon as they attempt to reclaim the village of Andriivka during the 2023 counteroffensive, the film combines intense frontline footage with deeply human moments of reflection. Having premiered at Sundance and recently awarded the F:ACT Prize at CPH:DOX, it's already receiving critical acclaim.

## NATIONAL THEATRE LIVE: A STREETCAR NAMED DESIRE (15)

Gillian Anderson (Sex Education), Vanessa Kirby (The Crown), and Ben Foster (Lone Survivor) lead the cast in Tennessee Williams' timeless masterpiece, returning to cinemas. As Blanche's fragile world crumbles, she turns to her sister Stella for solace - but her downward spiral brings her face to face with the brutal, unforgiving Stanley Kowalski. *Subtitled Screening.*

## FRIENDSHIP (15)

Craig Waterman sees no reason to change his life or make new friends... until weatherman Austin moves into the neighborhood. Mysterious yet friendly, macho but vulnerable, Austin transforms everything for Craig, but Craig's obsessive and childlike nature threatens to ruin the friendship, and possibly everything else in his life. Highly anticipated for fans of Robinson's absurdist cult hit TV series I Think You Should Leave, Friendship is set to become one of the best comedies of the year.
